PEER TO PEER EDUCATION

YOUTH SERVICES | OPPORTUNITY | SUSTAINABILITY

I believe that when people from around the world come together and learn from one another, the world we all share becomes a better place. We share many of the same dreams, aspirations, and needs. Despite this, many people do not have access to the same opportunities that I have been given. This is why I have joined Mama Hope as a Global Advocate Fellow and will be dedicating the next 9 months to work with the grassroots organization White Orange Youth (“WOY”) in Moshi, Tanzania.

WOY was founded in 1999 by John Kessy with the mission to reduce the spread of HIV/AIDS and increase the quality of life of young people in the Kilimanjaro Region through peer to peer education. Young people looking to get involved with WOY can go through an intensive week long training course in which they are taught to educate their peers about HIV/AIDS prevention, life skills, overcoming peer pressure, relationship skills, reproductive health, STDs, puberty and drug abuse.

I have committed to raising \$20,000 in order to assist in the expansion of an income generating farm whose profits go directly towards covering the operating costs of WOY. To learn more or donate online, please visit give.classy.org/WOYZJ
